All we ever ask of our EOS clients is that they are open and honest with each other. If everyone were, it would change the world, or at a minimum, their company. This book is the how-to manual for being open and honest. I highly recommend it.

Gino Wickman - Author of Traction & Shine,
Creator of EOS®

What Ken and Grace have created is transforming lives from the bedroom to the boardroom and everywhere in between. This is more than just a book. It's an authentic, heart-felt story. A mirror. A tool. It's an inspirational and crystal-clear path to a better you and a better us, making for a better world.
